**Grand Council

(Eeyou Istchee)/
Cree Nation

Brand Guide :
Emblems**

The logos of the **Grand Council of the Crees** and **Cree Nation Government** were created by members of our own communities to symbolize our history and way of life.

The stretched beaver pelt, synonymous with trading, is present in both logos and represents our economic and communal strength.

The elements found in each logo represent key elements important to our traditional ways of hunting, fishing, and trapping, still widely present today in Eeyou Istchee:

- the fish represents the water and all life sustained by water;
- the tree represents plant life, the earth, the animals and all they provide;
- the goose represents the air, winged creatures, and all they provide;
- the drum represents the strength of our Nation;
- each dot and vertical line on the drum represents each of our 11 communities.

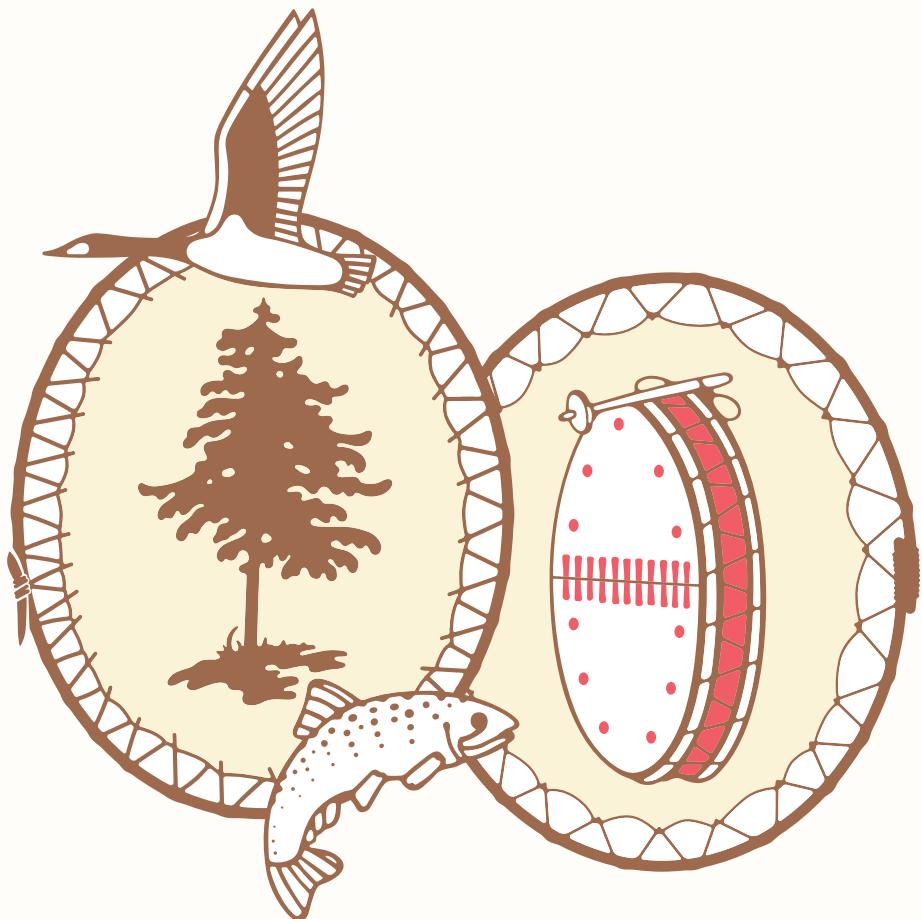

Together, these symbols illustrate how everything that surrounds us is interconnected. We depend on each of these elements to sustain and maintain our way of life.

These elements show the responsibility we have as a Nation to maintain and ensure a balance that will allow us to continue the way of life that makes us who we are: *Eeyou*.

Emblem without a signature in black and white

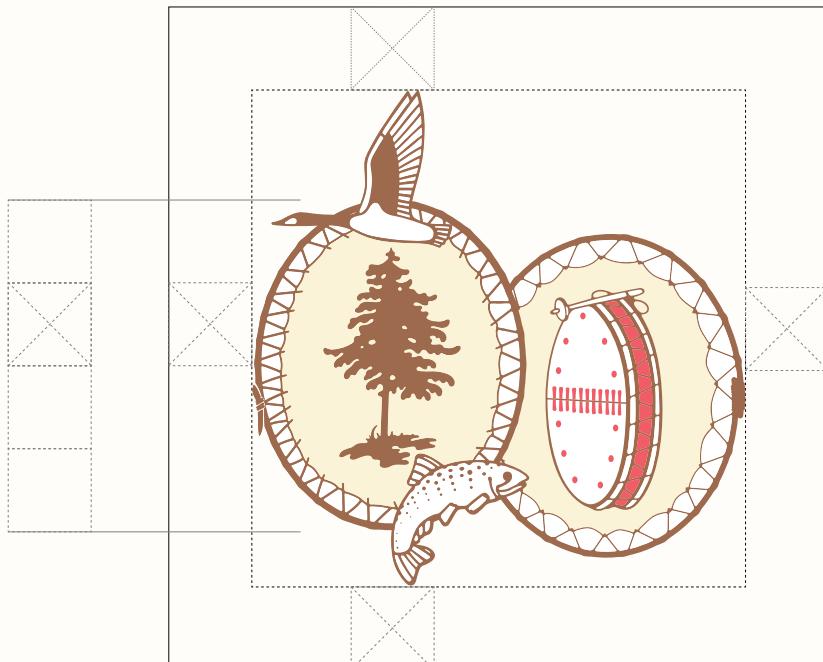

Only use this version when it's not possible to use colours.

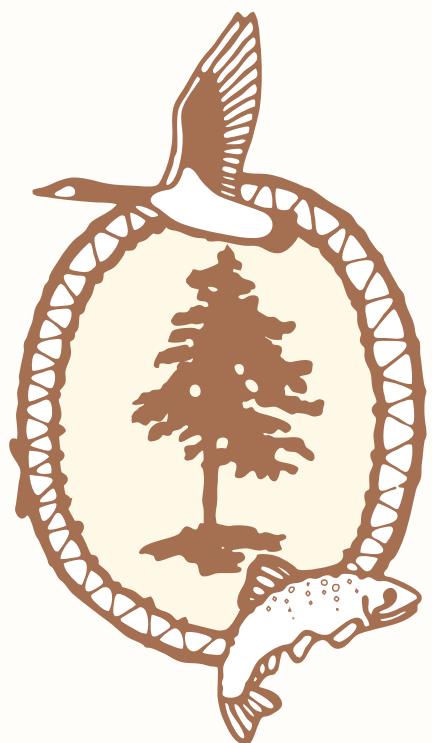

Grand Council of the Crees (Eeyou Istchee)/Cree Nation Government

Safety area and minimum size

In order for the logo to stand out and breathe in its surroundings, leave free space around it as shown below. The safety area is equal to one quarter of the height of the beaver pelt. Making the logo bigger makes it more legible. In some extreme cases the logo can be as small as 0.6 of an inch high, but we recommend making it bigger. That being said, try to find a balance between too big and too small.
