

IN EYYOU ISTCHEE, WE

**JUST
SAY NO
TO**

STYR  **FOAM**

Do you take
the challenge?

Styrofoam can:

Stay 500 to
1 million years
in the environment
before it decomposes

Hurt animals by
blocking their
digestive system

Impact human health
by emitting toxic
chemicals when
heated

ALTERNATIVES

1
Bring your
own dishes
to feasts
and
coffee mug
to meetings

2
Use
disposables
made of **natural**
fibers that are
100%
compostable

3
Use
disposables made
of **materials you**
can recycle,
such as plastic #5
